

Cell Phone Stand

Materials:

- Fabric 12"x9"
- Cotton
- 2-3 cups of rice
- Pellon Ultra Firm 1¼" x 5¾"
- Polyester Fill

Instructions:

1. Fold 12"x9" fabric in half, right sides together and press (6"x9" when folded).
2. Sew a ¼" seam at the top, with a 1-1½" gap, and down one side of the folded fabric (refer to black lines).
3. Fold the fabric so that the side seam is now in the middle at the back. The top will form a triangle. Press the seam open and sew along the bottom to form a ¼" seam leaving a 1-1½" gap (refer to black lines).
4. Turn the piece inside out.
5. Measure 3" from the bottom seam. Sew two seams across leaving ½" between seams.
6. Fill the bottom section with rice or batting.
7. Close the bottom opening with hand slip-stitch or machine sew.
8. Fill the main section with 1-1½ cups rice and batting or polyester filling until firm.
9. Close the top opening with hand slip-stitch or machine sew.
