LECTURE: Creating the Stars of Your Dreams

Thursday June 16 6:30 pm VIA ZOOM

Discover how to create sensational no-sew designs with StarBuilder stamps, paintstiks and fusible web. See how uniquely shaped stamps can be used to easily produce seemingly complex kaleidoscope stars. With no need for complicated piecing or precision piecing anyone can bring the “wow” factor to quilting, clothing or home décor projects.

LECTURE: Fabulous Fabric Foils

Friday June 17 9:45 am VIA ZOOM

A Foil produces a shine more intense than metallic paint/oils and can be used sparingly as an accent or become a major design element with washable results. Learn how to make spectacular special effects using adhesives with stamps, stencils, leaves, rubbing plates, fusible web, brushes and more

WORKSHOP: Repurposing Your Fabric

Friday June 17 1-4 pm VIA ZOOM \$35 - Member \$45 - Non member

Have you launched a project only to discover the fabric you have “isn’t quite right”, so you buy more yardage? Laura’s technique will help you transform fabric you already own into washable batiks, dramatic prints, or subtle special effects. The versatility, ease and flexibility of paintsticks can give you the ability to make exactly what you need when you need it. You will make a series of samples, using various techniques to gain hands on experience and get lots of inspiration from Laura on how to use paintstiks for your projects **Purchase of Paintstiks is required for workshop**

No artistic skills required. If you can hold a pencil and write your name you can do this
