

COLLAGE QUILT

ROCHELLE RICE

MARCH 18, 2022

LECTURES: Collage Quilting

Friday March 18 9:45 am

Collage is a technique borrowed from the fine arts world, and in quilting it is paired with applique to create unique creations that take advantage of print fabrics, an abundance of methods and imagination. Rochelle will lead us on a flight of fancy through the world of collage.

WORKSHOP: Collage Quilting

Friday March 18 1-4 pm

Rochelle first started doing collage around the age of five. As the years progress so did her love and her skill of collage. Spend time with Rochelle and she will ignite your own excitement of creating a collage.

In the workshop you will create a fabric collage quilt of either a pattern you purchase/bring on your own or an original design/photo of your own. Rochelle will demonstrate & you will learn methods of creating a collage quilt and she will help you create your own unique piece of quilt art.
